## MOBILE MUSEUM HERE

Glades school students and the general public will get a chance to enjoy historical exhibits as well as displays of modern-day Florida this weekend when the Florida State Museum and the Florida Power & Light Co. bring a traveling museum to local cities.

The "museum on wheels" is jointly sponsored by the state

## COMMUNISM AT 44 MPH RATE

PAHOKEE — Communism is creeping over the world at a rate of 44 square miles an hour, former Glades resident Tom Watson, jr., now a lay missionary in Korea, told the Rotary club here at its meeting last week.

Now two-thirds of the earth is controlled by Communists who have gone under, not across, national borders to spread their doctrine, Watson told his audience.

Saying that, "When one reaches out for the minds of the people... the mind eventually catches up and with it the soul," Watson described the propagation of the Far East. He told of four radio stations in that area which reiterate Communist doctrines in each one of the Oriental languages hour in and hour out around the clock.

**Establishing Station**  
Watson, founder of Radio Station WSWN, is establishing a radio station with official sanction in Korea for the purpose of combatting Communist propaganda there and throughout the Orient.

## A.R.C. HEADS FOR GLADES NAMED

Three Glades chairmen for the annual Red Cross drive have accepted appointments and one is yet to be announced, according to Harry A. Johnston, county fund drive chairman.

Chester Batchelor has accepted appointment as Pahokee-Canal Point chairman and Mrs. W. C. Allen and Mrs. A. B. Barnes are co-chairmen for the South Bay-Lake Harbor area. The Belle Glade chairmanship is yet to be filled, Johnston said.

Mrs. Allen and Mrs. Barnes were co-chairmen in last year's drive and Batchelor is serving for the first time.

Members of the fund campaign committee are being invited, Johnston said, to a meeting Tuesday morning at the Biscayne Terrace Hotel in Miami to hear John E. Sinclair, president of National Industrial Council and a member of the American National Red Cross Board of Governors.

## Schools Bulging

Enrollment in Glades schools during the first four months of the school year reflects the migratory nature of the school population here, according to principals' reports.

Principal Clyde Canipe, Pahokee, said enrollment figures show the total number of students who have been listed on school books whereas the membership figure reflects the actual number of students registered at any one time.

**Shifting**  
In Belle Glade the enrollment figures reveal 936 students at the end of the first month with a membership for the same period of 932, making a turnover of four pupils. By the end of the fourth month of school 1,073 pupils had been enrolled and of this number 73 had withdrawn leaving a total membership of 1,000, according to figures released from Principal Frank Hobson's office.

Pahokee school figures list 646 students enrolled at the end of the first month of school with 620 pupils coming and going in that time, leaving a membership at the month's end of 626. By the end of the fourth month of school, according to Canipe, 840 pupils have been enrolled and the present membership is 754, leaving a total of 86 pupils who have entered and left the school.

**So. Bay Peak**  
South Bay Principal Pellon Morris reports the largest membership in that school since the ninth grade was moved to Belle Glade. There are 160 students, growing 1 through eight, in the school now out of an enrollment of 177, indicating that 17 students have come and gone in the past four months.

An enrollment of 160 students at the end of the first month in Canal Point is reported by Principal Carl Crawford, who said that the membership stood at 154 in the same period. At the present time, Crawford said, the membership of the school is 164 and there have been 28 students who have come and gone in the past four months.

County school officials say that at the present time there are 14 classrooms too few in the county, and indicated that construction of class rooms is going forward as rapidly as possible with funds earmarked for that purpose.

## Fiber Promotion Man Is Hired

Liaison between Florida fiber research workers and industrial users became a reality Tuesday at Tallahassee with the appointment of H. G. Morton to promote Florida's fiber industry.

Former War Production Board staff member Morton's appointment to the \$7,500 per year public relations post on recommendation of Commissioner of Agriculture Nathan Mayo, by the Internal Improvement Board, climaxed months of planning.

**Rep. Hays Delegation**  
Rep. Hays Delegation headed the county delegation that went to Tallahassee in behalf of Morton's appointment.

Working under the general supervision of Dr. W. M. Fifield, head, Florida Agricultural Experiment Station, Morton will spend the majority of his time in Washington and in centers where manufacturers can be told of the growing potential in South Florida of fiber crops. At the moment, according to Dr. R. V. Allison, of Belle Glade, chairman of the RDB fiber committee, growers need a market and mills need fiber. Neither one can go ahead without the cooperation of the other. He added that no mill can afford to stop until good quality raw material is available in good supply.

It will be Morton's job to bring the agricultural and industrial interests together to find a mutually satisfactory solution to the problem, it was reported.

## BUSY NEW CONGRESSMAN

Is it true that Congressmen are great baby-kissers?

There is no indication that the new legislator from the Sixth Congressional District has done so (in line of duty) yet. But the first week in office for Rep. Paul Rogers included a dragline christening, a trip to Washington, swearing-in by House Speaker Sam Rayburn, numerous "meet-the-press" sessions which brought forth a set of snow-ball throwing pictures, involvement in the fight to keep Palm Beach Air Force Base permanent, and a Florida delegation meeting on flood control.

Rogers' very first action after his election last week was to help Mrs. T. U. Jackson, of Lake Placid, christen "Senator Holland," the largest mobile dragline in Florida. Smith and Reynolds, Inc., of Lake Placid are using the 500,000 lb. dragline to widen and deepen L-15. Mrs. Jackson is the daughter of Luke Smith of Smith and Reynolds.

**FFA PROGRESSES TO PUREBREDS**

PAHOKEE — Appearances and perhaps even ahead of some adults, the Pahokee FFA is going to buy purebred cattle and build up their herd, according to the superior stock, members decided at their meeting this week.

The chapter is going to buy seven purebred Hereford cows and four calves in a few weeks, from O. B. McClure. This week members are planting some five acres in Canal Point and five in Pahokee, and extended thanks to A. R. Harrington for the use of his machinery for planting.

The FFA was in charge of high school assembly last Friday. Aims and purposes of the organization were given by Alfr. Kahn, Chuck Elliott, James Usher, Tom Avenueaux, and Val Gabaldon.

**PAHOKEE** — On Thursday, Jan. 27 at 8:30 a.m. the Pahokee fifth grade taught by Mrs. Charlotte Walton will present a two-act play at assembly entitled "Fantasy of Foods." The play teaches the moral of eating proper foods and having good eating habits.

## Mayor Rabin Resigns; Special Election Due

BELLE GLADE — A special election for commissioner will be called here, following the resignation Wednesday of Mayor Harold J. Rabin for health and business reasons.

Rabin, stricken with a second heart attack in six months Monday, is in Belle Glade Memorial Hospital, his condition listed as satisfactory.

His resignation, addressed to the City Commission, read as follows:

HAROLD J. RABIN

"In view of the recent setback in my health and urgent business that may arise in the future, I feel that it is for the best interests of the city and myself that I offer my resignation as your mayor and city commissioner, effective immediately.

"I would like to take this opportunity to thank you, the city commission, the department heads, the city attorney, the employees, the members of the press, and all those who made our past administration successful.

"In the future, there may be a time that my health and my business will permit me to re-enter the field of service to our fine community.

"With kindest personal regards, I am,

Yours truly,  
HAROLD J. RABIN

## SO. BAY WARNS ON 3 BLDGS.

SOUTH BAY — Three property owners have until Feb. 14 to show the City Commission why their properties should not be demolished, as a result of action at an adjourned commission meeting Monday.

The resolutions to show cause why their properties should not be demolished were addressed to the owners of the property now occupied by D. N. Partain, the hotel located in the triangle of Highway 80 and 25, and against Lt. Col. V. C. Denton. Stating that "the building thereon is unfit for decent living and for human habitation due to foundation giving away," the letters notifying the respective property owners was the result of an inspection made by R. White in his capacity as building inspector.

Commissioner W. M. Jeffries moved and I. P. Roberts seconded the motion that the resolutions be passed. Commissioners F. W. Kelley and W. C. Allen were not present at the meeting at which Mayor S. J. Fisher presided.

**Ordinance Held**  
Commissioners decided to table until their next regular meeting the adoption of an ordinance accepting Mayor Fisher's lease for property for a labor loading ramp off the street.

Due to the fact that the freeze order has slowed labor demand, it was decided that the matter of removing the ramp from "on the street" to "off the street" could safely wait. The mayor's lease of property for \$1 for a loading area will give the city an opportunity to construct a permanent ramp if property offered by R. O. Crosby for that purpose is accepted.

## In Town Camping For Boy Scouts

The rather remarkable sight of Glades Boy Scouts setting up camp in the middle of Belle Glade has great eyes of local residents Saturday, Feb. 5.

On that date, an all-day camporee will be held on the vacant lot of the Belle Glade Post Office, and all Scout units of the Glades will participate. The boys will cook and serve their noon and evening meals at the campsite.

The day, in observance of the 45th anniversary of Boy Scouts, will begin on Feb. 6-12, will be climaxed with the Glades district court of honor at Belle Glade high school this night.

Plans for the day-long observance were made at a meeting of Glades district Boy Scout officials recently at the home of Pahokee Troop 28 Scoutmaster Ed Carver. Leroy Hight, of West Palm Beach, Gulfstream leader of the council field executive, led a round table discussion.

## BAND SERIES STARTS SUN.

PAHOKEE — The 15th winter concert series of the Pahokee high school band begins Sunday at 3:30 p.m. at the high school auditorium.

Bandmaster Robert O. Lampi will present the largest band in high school history Sunday. Total enrollment of musicians is now 59, with members from the sixth through the 12th grades.

Sunday's musical afternoon will begin with the "East-West Core Arts Star" Merce Cunningham from the "Third Street Rumba" to Bach's "Prelude and Fugue in F Minor."

Secretary, treasurer and general manager of the packing and produce business that bears his name, Rabin nonetheless has been active in civic affairs for many years. He was elected to the commission in 1946, and served continuously to September 1950. He was mayor in 1949. In September 1952 Rabin again returned to the commission, and has served as mayor from September 1953 until his resignation.

City Clerk Frank Anderson said Rabin's resignation as mayor or as a commissioner entails calling a special election to replace Rabin as a commissioner.

**Time Limit**  
The election must be called within 30 days and must be held not less than 30 days nor more than 60 days after it has been called. Candidates for the commission post left vacant by Mayor or Rabin must file their intention to run not later than 20 days prior to the election.

At the present time Commissioner H. O. Carlton is vice mayor or as the commission has not ruled whether the commission will have to be completely reorganized after Rabin's successor is elected or whether they will elect a new mayor only. The reorganization, by charter, must be held on the first Tuesday of the month following date after the special election.

## SUGARLAND FAIR TO START TUES.

CLEWISTON — The Sugarland Fair, under sponsorship of the Clewiston VFW post will open Tuesday at 7 p.m. at the fairgrounds.

Two cattle barns, recently completed, will house exhibit cattle including the first show cattle in Florida of the English Sussex. Other breeds will be Brahmas, Black Angus, Hereford, and Charolais.

Cattleman's day will be observed Wednesday, with judging at 1:30 p.m.; Sugar day, Thursday, with the coronation of Miss Sugar 1955 sponsored by the Clewiston Jaycees, and a concert by the LaBell high school band; Friday, citrus day, and Saturday a children's matinee at 2:30 p.m. and open house in the evening. The fair is coincident with National VFW week Jan. 25-29.

**SOUTH BAY** — The Boy Scouts of Troop 26 went to a paradise Park for the week end on a camping trip. Hector Ouellette, Scoutmaster, was assisted by George Ring, Scout attending were Danny and Bobby Mangus, Terry Sands, Johnny Wilkins, Albert Oyster, Jim Challancin, Walter Sealbair, Dan Wilcox, Carlos Sloan, Ray Tyler, Charles Wilson, Wendall Rhodes, Billy Wall and Butch Davis.

## WASHINGTON NEWSLETTER

By Sen. George Smathers

**BULLETIN:** The President's Budget, reaching Congress Monday, recommended substantial support for two major civil works projects carried on by the Army Engineers in Florida. The President asked Congress to appropriate \$6,300,000 for the giant flood control project, and recommended \$977,000 for the long-sought improvement of Tampa Harbor.

**WASHINGTON** — President Eisenhower sends to the Congress this week his Budget Message, and then his Economic Report. The two are closely linked, and since the Economic Report can be expected to be optimistic, there is also a feeling that our economy to a large extent will support the budget. (Although Congress may be counted upon to reduce every item where "padding" can be removed. There is no disposition to accept the proposition that budget-balancing is impracticable.)

In the Florida delegation we have been anxiously awaiting word of what this administration will recommend in the way of appropriations for our deserving projects. The Congress, after years of study, have recommended a dozen rivers and harbors improvements.

This is the year for major appropriations for the Tampa Harbor, for which authorization was voted by the last Congress after years of missionary work by the Florida delegation. This also should be the year for a realistic financial support for the Florida flood control program. Everything the President has said points to stepping up of projects underway.

**WORD FROM "GOOD NEIGHBOR" AUTHOR:** As President Roosevelt's Secretary of State, Cordell Hull conceived the "Good Neighbor" policy and brought into being the basis for the present warm relations between the United States and Latin America. His aide and close partner in the program was Thomas D. Blake, later a White House staff member, whom I came to know when he was Senator Russell's press chief in the 1952 convention.

Tom came by the other day for a visit, bringing me a message from Mr. Hull, who recently returned home after a long tour for devotional services. This year, Congressman Billy Matthews was named vice-president of the group. Next year he is due to be president. Both Congressmen Charlie Bennett and Syd Herlong have served as president.

## CUBS GET BOBCAT PINS

**PAHOKEE** — Cub Scout Pack 23 held its first meeting of the new year Tuesday evening at the recreational hall in the Elks Club building, and 18 new Cubs were awarded Bobcat pins in a formal ceremony.

Those receiving pins included Joe Mitchell, Tommy Knight, Wayne Hundley, Bruce Boynton, Roger Simonson, Paul Dixon, John Pell, David Beede, Alton Mims, Robert Culbertson, Bobby Kennedy, Billy Kennedy, Donald Tankersley, Wilburn Finley, Dennis Crady, Jimmy Brockett, Harry Cunningham, and Crate Tucker, Jr.

Den 2 was awarded the honor flag for the month, and Den 4 received the good conduct emblem. The meeting was conducted by George King, district Scouting commissioner, who was introduced by Jack Phillips, Cubmaster of Pack 23.

The four new dens have begun their activities with Mrs. T. W. Knight and Mrs. E. L. Pope serving as den mothers for Den 1; Mrs. Robert B. Simonson and Mrs. E. R. Wagon for Den 2; Mrs. J. T. Boynton and Mrs. Louis F. Mims for Den 3; Mrs. N. A. Kennedy and Mrs. D. W. Cunningham for Den 4. Den chiefs assisted den mothers in the meeting.

Boys of Boy Scout Troop 28 of which Ed Carver is Scoutmaster. W. K. Aldridge is assistant Cubmaster of Pack 23, and Louis F. Mims is PTA representative to the pack. The Cub charter will be presented to the PTA at its February meeting, with Commissioner King in charge.

**JOINT PAHOKEE-CP PTA MEETING IS TUESDAY**  
CANAL POINT — Mrs. J. P. Parker and Mrs. Ed Carver are making arrangements for a joint study course for PTA members of Pahokee and Canal Point to be held at Canal Point community center Tuesday from 9:30 to 2:30 p.m.

The book "Stop Annoying Your Children" by Dr. J. W. Bauer will be used as the text. Rev. W. William Palmer and Mrs. W. C. Young will teach the study for which all four hours must be attended to get official PTA Blue Ribbon credit. A covered dish luncheon will be served at noon.

## ROBSEVATIONS

By BENJAMIN S. ROBERTS

**TREK TO FLORIDA IN 1920**  
In 1920 a winter vacation trip to Florida was spent enroute to instead of in Florida. Mildred B. Smith of Tavares, Fla. dug up a diary of a trip made in 1920 from Elizabeth, N.J. to Florida requiring 14 days on the road. According to her story in last Sunday's New York Times the trip was a

series of bad roads, unbridged rivers and breakdowns.

Starting on the trip on Nov. 16, 1920 the Smith family drove from Elizabeth, N.J. to Dayton, N.J. the first day. The distance was 30 miles. On the following two days the party made 115 miles on U.S. No. 1. They took a route around Baltimore to meet city "traffic" and saw the sights in Washington before continuing on south. The highway out of Washington was excellent for 12 miles and then turned into a rough clay or gravel or rock road through Virginia. Even with these road conditions the party traveled 120 miles before making camp. Mrs. Smith does not mention roadside facilities but there were apparently campsites unevenly spaced along the road where the travelers could pitch his own tent and eat whatever he had brought along.

On Nov. 23 Mrs. Smith writes that there was no gasket between the cylinders and transmission case of their car so it was necessary to stop in Randolm for repairs. There a trial was going on for a man who had shot one of his neighbors. On that day the party made 80 miles because the hard and roads near Finchurst caused the car to "skim up and down hill past cotton fields white in the moonlight."

On Nov. 26 the party expected to reach Jacksonville on the following day as it was only 150

miles away. They were doomed to failure because "Soon after we broke camp this morning we came to the Altamaha river. We banged on an old circular saw and a ferry came from the other side and got us. About noon we came to a creek 40 feet across with no bridge. Just in the middle the car engine died with water a foot deep all around it." At this point the ladies in the Smith party got out of the car, walked down the road out of sight of the stream and the men in the party undressed and waded in to pull the car out. The Smiths bumped along another 16 miles, got to Waycross, Ga. and stopped for the night.

On the 28th of November the weary travelers arrived in Jacksonville and went on to St. Augustine where they spent the night. Before going on to Tavares they enjoyed the "jungles of palms south of St. Augustine, out of which we expected pythons to come, but they didn't."

On the 30th they arrived at Tavares, where their trek, completed in "fairly good time."

## ARBOR DAY OBSERVED BY PLANTING 2 TREES

National Arbor Day was observed Tuesday by members of the Pahokee-Canal Point Garden Club with a joint luncheon meeting at City Park and planting of trees. The Hibiscus circle planted a shade tree at Pioneer Memorial Park and the Gardenia circle planted a tree at Canal Point.

Plans were made at the Hibiscus circle meeting of which Mrs. C. M. Todd is chairman, to purchase 200 royal palm trees for plants on SB 117. In addition to these, the circle has 500 royal palms potted, and 100 of these will also be ready for transplanting in the late E. Averill when the seasonal rains set in. Mrs. H. M. McIntosh reported 34 members in the circle.

Mrs. Anderson Chastain presided over the business session of the Gardenia circle prior to meeting with the Hibiscus circle. Mrs. Leo Maxwell presented a program to the combined group centering around "Identification of Trees."

## BELLE GLADE BETA SIGNS HEAD MARCH OF DIMES

Members of Belle Glade's Beta Xi Chapter of Beta Sigma Phi, meeting recently at the home of Mrs. Grant E. Averill, voted that they would again this year have charge of the March of Dimes. Mrs. Ruth Nash, president, will be the chairman for the Belle Glade area and Mrs. Earl Lindrose, vice-chairman. Tentative plans will include placement of coin collectors in strategic spots throughout the city.

The chairman of the ways and means committee, Mrs. R. T. Bell, announced a benefit card party would be held at the Municipal Country Club on Tuesday, Jan. 25. The membership agreed on a program for spring rushing.

Clarence Tilton, noted lecturer, presented a program on sculpture and modeling, and illustrated her talk with specimens of each. Hostesses were Mrs. Averill and Mrs. Claude Jones.

## JAY-C-ETTS TO MEET NEXT TUESDAY

The home of Mrs. Claude Jones will be the meeting place Tuesday night of the Belle Glade Jay-C-Etts.

Mrs. C. L. Todd won the door prize at the group's last meeting at the home of Mrs. Herbert Ellis. Nine members were present and hostesses were Mrs. Ellis and Mrs. Charles Godwin.

## PAHOKEE BPW CLUB HEARS 'MEMBERSHIP'

At a social meeting at the home of Mrs. Doris Carter, Port Tuesday night, the Pahokee Business & Professional Women's Club heard Mrs. Helen Larimore give a program on "Membership Purposes." Mrs. Susan Wilson and Mrs. Edna Barrett were co-hostesses.

Mrs. Johnnie Davis, president, presided during the business session. Members were reminded to attend the district meeting Sunday at Palm Beach at Gregory's Maison Royale. Pahokee, Belle Glade, and Clewiston BPW clubs are to be responsible for corsages, gifts, and programs for the state convention this spring. Members were informed. Named to be committee in charge were Mrs. Phyllis Phillips, Miss Betty Pickett, Mrs. Doris Sasser, and Mrs. Alma W. Farrow. \$16.50 was collected from members to

ward the national building fund. Guests included Mrs. George O. Schroder and Mrs. Emma Stahl from Lancaster, Pa., and Mrs. Allie Mae Watson. There were 28 members present.

## SO. BAY GARDEN CLUB MAKES GARDEN TOUR

South Bay Garden Club made an all day tour of the Fairchild Gardens and other places of interest for the January program. They met at the Legion Hall and left about 9 o'clock carrying their sandwiches for a picnic lunch.

Those making the trip were Mrs. Bill Masonic, Mrs. C. Critchfield, Mrs. Mable Barstow, Mrs. E. M. Willis, Mrs. R. R. Roadman, Mrs. Clayton Waters and daughter, Penny, Mrs. J. L. Evans, Mrs. E. D. Hartline, Mrs. Mary McCasron and Mrs. I. P. Roberts.

## OWING LAND LIVING BGCC PROGRAM TOPIC

"You Owe The Land A Living" was the subject of Mrs. R. A. Critchfield, Jr., guest speaker at the Belle Glade Garden Club meeting held at the municipal clubhouse last Thursday afternoon.

Introduced by the program chairman, Mrs. A. F. Hopson, Mrs. Mayes talked on conservation, touting on the subjects of soil, forest, wildlife and water. The contest arrangement foliage without bloom was won by Mrs. Irvin Zumbert. In the gerbera specimen contest, Mrs. R. Y. Creech, sr., placed first; Miss Margaret West, second; and Mrs. George Parrall, third.

The meeting was presided over by Mrs. Zumpf, president. Mrs. Clara Gledhill, chaplain, gave the devotion.

The club voted on the highway beautification program which included a mile of beauty on Road 117, starting at the Chosen bridge and extending

south to Ave. E. The group will set out royal palm trees as the first step in this project. They also voted to have a rummage sale on Jan. 22, and to buy a book "Florida Wild Flowers" by Mary Frances Baker.

A report was given that two citrus trees had been presented to the Lantana Tuberculosis Hospital. The gift was made possible by Mrs. R. W. Griffin, who won first prize of \$10 in the outdoor Christmas lighting contest which she donated to the Garden Club.

Mrs. C. J. Aspey, flower show chairman, appointed the following chairmen: Mrs. Zumpf, scene chairman; Mrs. James Spence, staging; Mrs. J. P. Hallock, jr., properties; Mrs. Herbert Beck, entries; Mrs. Paul Kirchman, dismantling. The group decided to observe Arbor Day, Jan. 21 by planting trees in the grounds of the school grounds.

Hostesses were Mrs. Ivan Horn, Mrs. C. M. Greene, Mrs. George J. B. Hartline, Mrs. Francis Harris and Mrs. Clara Gledhill. Guests were Mrs. Elmer Osking and Mrs. J. O. Jameson, of Stuart.

## BELLE GLADE BPW AT DINNER MEET

The Belle Glade Business and Professional Women's Club had a dinner meeting at the Bend Tuesday evening. After dinner each member gave a short autobiography, telling how she happened to come to Belle Glade. The members finished signing the scroll which is to be sent to the National BPW president to be put on the cornerstone of the new national headquarters building in Washington, D. C.

A going-away gift was presented to Mrs. Joanna Thames and Mrs. Anetta G. Wells. Guests were Mrs. B. A. McKimham and Ruth Hulan, and Mrs. Margaret Moseley.

## A Pretty "Snappy" Menu

Cuff Taylor had a near riot in his hen yard last week. Seems the hens were scratching around the cold ground when they found a piece of rubber band frozen in the ice.

"One hen pecked at it," says Cuff, "and it snapped right back. She backed off clucking while another hen tried it, and another. And the 'worn' kept right on snapping back. They all got their feathers ruffled. You never heard such a ruckus!"

"I finally had to break up the ice with an ax before those hens

would get back to business and start laying eggs again."

From where I sit, some people raise a pretty big fuss over nothing, too. Take the fellow who would deny me a temperate glass of beer with my game of checkers. Maybe he'd rather have coffee! Well, that's all right. He has a right to his own preference. But so do I. And there's no point in his "snapping" at me just because his choice isn't the same as mine.

## HUMPHRIES HELD; MANSLAUGHTER

BELLE GLADE—A coroner's jury found Lee Alfred Humphries guilty of "culpable negligence" in the death of Mrs. Lois Pearce Tuesday. Judge J. R. Cherry presided at the inquest and a six-man jury found Humphries guilty after little more than two hours' deliberation, police records show.

Humphries will be brought to criminal court on manslaughter charges, Cherry said. He is now in jail under \$2,000 bond.

Funeral services for Mrs. Pearce, 32, were held Monday at 10 a.m. at First Baptist Church in Belle Glade with Rev. U. W. Malcolm officiating.

Mrs. Pearce was killed last Thursday evening about 6:30 when the car she was driving collided with the truck at the intersection of SR 717 and Ave. D, within a few blocks of her home.

Mrs. Pearce was born in Calio, Ga., and had been a resident here 10 years. She was the mother of the First Baptist Church in Belle Glade. Surviving is her husband, Earl Pearce; two daughters, Della, 27, and Brenda, 10; three sisters, Mrs. O'Brien, Minnie Parker and Rose Hadden. Paul bearers were Eddie Crosby, Bob Davis, Clyde Parrish, Joe Davis, Logan Parrish and Francis Harris. Wetherington Funeral Home in Belle Glade had charge of the arrangements.

## A MESSAGE TO OUR CUSTOMERS IN THE GLADES:

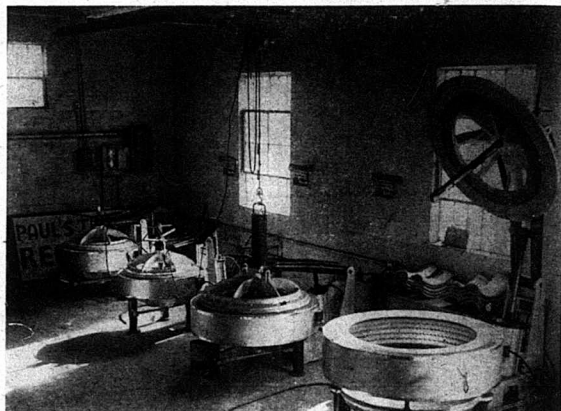

SINCE OUR ENTRY INTO THE TIRE BUSINESS IN 1939, MANY CHANGES AND IMPROVEMENTS HAVE BEEN MADE — FROM COTTON CORDS ... TO RAYON ... TO NYLON ... AND FINALLY TO TUBELESS TIRES — TO A POINT WHERE THE ORIGINAL CASINGS OF YOUR TIRES ARE MUCH STRONGER AND MORE DURABLE, MAKING IT POSSIBLE FOR THEM TO OUTLAST SEVERAL RUBBER TREADS.

WITH THIS IN MIND, WE ARE KEEPING UP WITH THE TIMES AND HAVE ESTABLISHED A MODERN RECAPPING PLANT TO TAKE ADVANTAGE OF THE IMPROVEMENTS IN THE TIRE FIELD.

TO SERVE OUR CUSTOMERS BETTER WE NOW HAVE OPENED A PLANT AND ARE IN A POSITION TO OFFER COMPLETE TIRE SERVICE.

PAUL'S TIRE SERVICE PLANT - - ROBERT PHILLIPS AT TRUCK

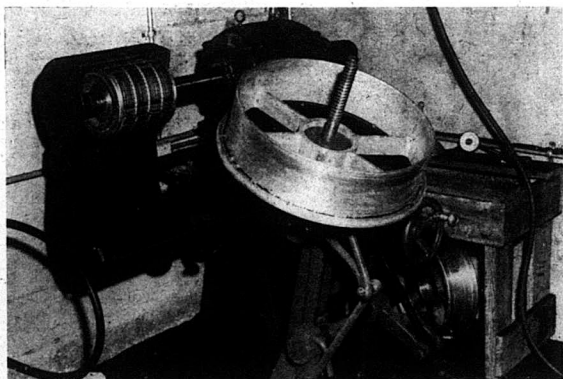

Plant Interior Showing Electric Moulds

The most modern all-electrical equipment is used by the PAUL'S TIRE SERVICE plant. These machines are equipped to handle any and all size and tread recaps or repairs.

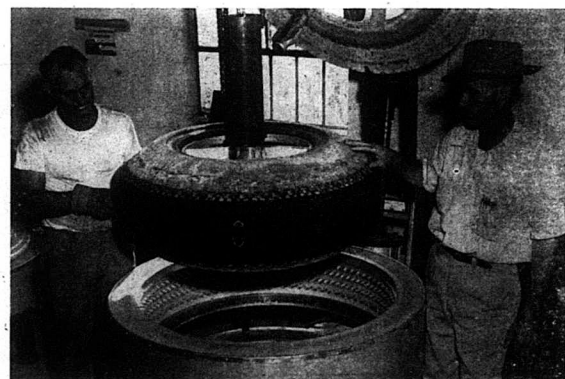

Dorothy Scarborough Preparing Tire for Curing

Buffing completed, tire is prepared for curing, using the highest quality rubber available in the industry. A special rubber cement is used to apply new rubber to the old tire.

Buffing Machine for Re-surfacing

After careful inspection for defects, tire is taken into the buffing room where it is buffed off and resurfaced for the new tread. Pre-deskidded treads are used, just as in new 1955 tires

Wallace Mullins, Plant Supt. and Paul Sasser Inspect finished Retread

After curing period which welds the new rubber to the old under high temperatures, tire is removed from mould on hydraulic lift and dressed in preparation to remount on customer's equipment.

## Chosen Revivalist

REV. MR. JOHNSTON

Revival services are underway at the First Missionary Baptist Church in Chosen this week. The services began Wednesday and will continue through Jan. 30. The services will be conducted each night with Rev. Harold M. Johnston, pastor of Bethel Baptist Church, Texarkana, Arkansas-Texas doing the preaching. Rev. Mr. Johnston received his ministerial education from the Missionary Baptist Seminary in Little Rock, Ark., from which he holds a doctor's degree. Congregation singing begins at 7:30 p.m. and preaching begins at 8 o'clock.

## SS ASSOCIATION, STUDY AMONG BAPTIST ITEMS

Palm Lake Baptist Sunday School Association met at the First Baptist Church in Belle Glade Monday evening. The executive board met at 7 p.m. and the regular meeting was held at 8 p.m. About 117 attendees, representing 12 different churches.

On Jan. 13, Rev. U. W. Malcolm, pastor of First Baptist, began a series of studies in the Gospel of St. John, emphasizing the Master Evangelist, Jesus Christ. This study course will continue for 10 Wednesday nights.

## Devotions on WSWN

Rev. B. William Palmer, pastor of Canal Point Methodist Church, will give the devotional meditation on Radio Station WSWN each morning next week, Monday through Friday, at 9:30.

## FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade

God's readiness and willingness to heal sickness and sin today, as He did in Christ Jesus' time, will be set forth at Christian Science services this Sunday.

Scriptural selections in the Lesson-Sermon entitled "Truth" will include the account of the successful healing missions of Jesus' disciples, as recorded in Luke's Gospel (Chapters 9-10). The ever-availability of the Christ, Truth will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (142:31): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, to-day as yesterday, Christ casts out evils and heals the sick."

The Golden Text is from Psalm (57:3): "God shall send forth his mercy and his truth."

## CANAL POINT BAPTIST

### WMU IN MEETING MON.

The WMU of Canal Point Baptist Church met Monday night with Mrs. Joe Clements in charge of the program which centered around relationships with persons of the Jewish race. Assisting with the program were Mrs. J. H. Bordeaux, Mrs. J. S. Atkins, Mrs. Grady Echols and Mrs. C. B. Jones, who gave the devotional.

Mrs. Echols, president, was in charge of the business meeting. Plans were made to send a basket of fruit to the Carver School of Missions in Louisville, Ky. The new WMU study book is "Under the North Star" by Harold E. Dye.

## GLADYS SMITH CIRCLE MET WITH MRS. LITCHEFIELD

# DITHANE M-22...a new fungicide worthy of the name you trust

DITHANE M-22, a new addition to the family of DITHANE fungicides, will give your fields the same dependable disease control you expect and get from DITHANE Z-78 and DITHANE D-14.

## On Tomatoes:

DITHANE M-22 controls Gray leaf spot, Late blight and other troublesome diseases. DITHANE M-22 helps to keep the foliage greener—for profit-making extra yields. We recommend DITHANE M-22 on an alternating schedule with DITHANE Z-78, thus obtaining the double benefits of Zinc and Manganese.

## On Potatoes, Celery, Eggplants, Peppers:

DITHANE M-22 controls Early and Late blight.

## On Carrots:

DITHANE M-22 keeps carrots free of Leaf blight and Cercospora leaf spot.

## On Gladioli:

DITHANE M-22 controls Stemphylium leaf spot.

DITHANE M-22 is available as a ready-to-use wettable powder or as a dust, with or without insecticides. Insist on Rohm & Haas DITHANE M-22 when you want manganese ethylene bisdithiocarbamate (maneb).

## LOOKING INTO THE FACTS...

Dr. H. Ernest Bechtel in an article in FEEDSTUFFS lists the following among major trends affecting the formula feed industry today:

1. Population pressures are increasing, and are creating greater demands for food.
2. Fat supplements, and other secondary products, are being used more widely in livestock rations.
3. Bulk feeds are meeting increasingly greater acceptance.
4. Statistical quality control is regulating the quality of finished formula feeds.
5. Modern feeds, though made from formulas of increasing complexity, are outperforming their earlier counterparts in economy of ingredients, in efficiency, and in income over feed costs.

ANY QUESTIONS? Maybe We Can Find The Answer.

## OIL RIGHT BY THE GLADES

Glades communities expressed their willingness to have a proposed oil refinery located here when Mayor Lewis Friend of Pahokee and Junius Harris, representing the Belle Glade city commission, told the Port Authority Friday that they would welcome the industry in to this area.

The invitation came as a result of a board meeting Friday of the Port of Palm Beach Authority. The Port Authority is attempting to reduce freight rates on basic commodities coming in to this area, according to Chairman of the Board Billy B. Burns.

Residents of Palm Beach vehemently protested the location of the refinery on port land west of Riviera and numerous West Palm Beach and Riviera Beach residents aired a negative view of its establishment.

Burns said he will invite Glades and resort residents to serve on a committee of five to inspect an oil-refinery plant similar to one sought for location here. The committee will report its findings as a partial basis for future decision by the port board as to further action. Meanwhile the Glades has gone on record as favoring location of the refinery here.

## DIVIDEND FOR EMPLOYEE CU

BELLE GLADE — Declaring a four percent dividend on shares outstanding at the close of 1954, the Municipal Employees Union held its regular meeting in City Hall Tuesday evening, according to Frank Anderson, city clerk.

Made up of all city employees, the credit union meeting was presided over by Police Sgt. Vern Clark. Helen C. McKinley was named as secretary and Eugene Ellis was named a director in elections during the meeting.

Others chosen by vote were Vera C. Jones, to the credit committee; Claude Jones, R. V. Matthews and Cecil Bair to the supervisory committee; and Virginia Anderson to the educational committee.

## ULTRA-MODERN PLANT OPENS

PAHOKEE — An ultra modern tire recap plant is in business here this week, servicing the entire Glades area as "Paul's Tire Service."

Paul Sasser, president of Glades Oil Co. and owner of Paul's Service Station in Canal Point, built the new 40x40-foot plant at Barfield Hwy. and E. Main St. here. The staff at the plant includes Wallace Mullins, superintendent; Robert Phillips, and Dorothy Scarborough. Mullins has been in tire work 21 years, as a new tire builder in Dayton, O., and in manufacturing of cambelback, the new rubber used in recapping.

Sasser has been in the tire business since 1939, handling U. S. Royal and Firestone tires. He has been at his Canal Point location since his return from naval service in 1946. As the Glades Oil Co., he is Shell distributor for the entire Lake area.

## \$10 Million Is FCD Fond Hope

Ten million dollars is the sum sought for the Central-South Florida Flood Control Project during the next fiscal year, according to Col. Herbert Gee of the flood control district. Gee, Turner Wallis and Elgin Baylis met Florida congressmen on Tuesday to discuss the budget recommendation of \$6,300,000 which is 50 per cent above the funds available for the current fiscal year. Col. Gee pointed out that Army Engineers are asked to act ahead on a \$10,000,000 basis and will be enabled to start work on the north shore of the lake at the same time if the funds are forthcoming.

Referring to the President's budget message that projects underway should be pushed as rapidly as possible, Gee said that work next year will continue improvements in the Everglades agricultural section, and along the lower East Coast. Florida's congressmen agreed to push for the \$10,000,000 figure.

## 49 Angus Bulls Sold At Market

BELLE GLADE — Forty-nine Angus bulls were sold for \$15,430 at the Florida Aberdeen-Angus Association sale at Glades Livestock Market Saturday. Manager George C. Young reported this week.

Walter Schlechter bought the highest priced of the 49, a \$500 bull. The two high buyers were Strazulla Bros., of Ft. Pierce, and the U. S. Sugar Corp., Clewiston.

At Wednesday's sale this week, demand and price continued strong. Young said, with 13 steers averaging \$19.22. Figures for Monday's sale which brought \$54,922.82 for 835 head of cattle follow:

310 steers, 174 cws, 15 yrags, 21 bulls, 193 cvs, 122 hfrs, 75% of no. head and 78% of \$ to slaughter.

STOCKER Steers: 9.00-14.75. Heifers: 8.00-12.75. Cows: 6.50-9.75. Wednesday, Jan. 19: 131 Cattle, \$9,552.11. 21 cws, 46 strs., 18 heifers, 20 cvs., 12 bulls, 14 yrags.

## Sewage Discussion May Be Monday

BELLE GLADE — Plans to bring sewage disposal facts and figures up to date may be considered in a special called meeting of the city commission tentatively set for Tuesday evening. City Clerk Frank Anderson said this week.

The engineering firm of Russell and Axon, Daytona Beach, have offered to send a representative to meet with commissioners and have indicated that Tuesday would be the most suitable date for them, Anderson said.

Plans drawn in February 1948 will be the basis of any discussion relating to sewage lines and disposal plant. Anderson said that before any plan to finance such an expansion could be undertaken the future needs of the city would have to be mapped out and the 1948 plans revised accordingly.

Preston H. Duncelman, sugarcane breeder, Louisiana State University, Baton Rouge, La., together with his wife and two children, returned to his headquarters in Baton Rouge this week after spending two weeks at U. S. Sugar Plant Field Station at Canal Point.

## FBI, POLICE NAB ESCAPED CONVICT

PAHOKEE — The FBI got its man again, when an FBI agent from West Palm Beach and Pahokee Police Chief Leon Guthrie nabbed a convict who has been in hiding from Lake City, S. C. since July.

Guthrie and the FBI man caught William Taft McFadden, 47, cooking his supper at Morgan's quarters Tuesday night and took him into custody.

McFadden, who was serving 20 years for assault with intent to commit rape, had been working in the fields in this area since his escape. The convict was apprehended between 7:30 and 8 p.m.

By IRA MILLER Farm Electrification Bureau

Round-up time isn't quite the same these days on a growing number of cattle ranches. And cowboys are glad of it. The only uses they have now for a camp fire are to keep warm and to light up the strings on their guitars to strum their way through "Home on the Range."

The fire that was so indispensable for heating up the branding iron has gone the way of the Pony Express. And so has the uncertainty of getting the iron hot enough to do a satisfactory job.

For branding today can be done the electric way. So, too, can dehorning. Both the new brander and dehorner, illustrated, are made from the same type of sheetal electric heating elements used for many industrial and household devices. They can be re-shaped into any 110-volt electrical outlet, and will heat up in less than two minutes. The brander and dehorner are some equipped with heavy duty cords and molded plugs.

The branding iron can be shaped—re-shaped—into various designs. It weighs two pounds and, like the electric dehorner, provides even heat throughout the complete operation. Both have been field-tested for over a year and a half. Testimonials from ranchers, farmers, Colleges of Agriculture and veterinarians attest to the value, safety and efficiency of these two irons.

THEY'RE DOING IT ELECTRICALLY NOW—shown above are two of the newest electric branding and dehorning irons in action.

## City Mgr. Talks Last Night

BELLE GLADE — Selection of a new city manager from three applicants who were to appear before the city commission last night is in prospect.

Out of 23 applications received for the city manager job left vacant when Tom Carle was relieved of his duties, three are being considered for the position. Two applicants were from Maine, Charles H. Tucker, 54, Galloway, and Clarence E. Robinson, 52, Fairfield. Another applicant, Glenn R. Peterson, 32, Richmond, Va., also was to be interviewed, according to City Clerk Frank Anderson.

Last night's meeting was called when the commission was unable to sit Monday due to Mayor Harold Rabin's illness, and absence from town of Herman Close, Anderson said. The city pays transportation costs for the men being interviewed.

Three applicants for the position of city building, plumbing and electrical inspector were still to be interviewed and no decision had been reached as to a time for consideration of these applicants.

## 4 GLADES TOWNS TOP 1954 SEAL SALE

Four Glades communities exceeded their last year's total collected in the 48th annual Christmas Seal sale. Chosen Canal Point, Pelican Lake and Bryant were congratulated for their efforts to defeat tuberculosis and improve the general health of the county by a Parker Bryant, county seal sale chairman.

Glades communities contributed \$1,984.81 to the total of \$32,369.43 realized this year in Palm Beach County, Executive Director Ruth L. Shepard said. The total for this year is slightly less than for last year with contributions still welcome, Miss Shepard said.

## COMMUNISM - - -

(Continued From Page 1)

munists believe that economic and political salvation is their primary concern, Watson described one young Communist who felt that emphasis upon soul salvation was selfish and not to be tolerated. Watson said that missionaries are allowed strict freedom to preach the Gospel in Japan. He described his own efforts at street corner preaching in Japanese. He found there an undercurrent of advancing Communism and declared that "One lasting and effective antidote to Communism is the doctrine of Jesus

Christ." Watson declared that we have failed to understand that Communism is a satanic, evil religion, it is real, it is working and now controls a majority of the earth's peoples. He wished to distinguish between Christianity as a force against Communism and Jesus Christ who is as real as Satan who has spawned Communism. He declared that the message of Jesus against Communist doctrine works, he has seen it work.

Declaring that every individual can do something to combat the evil that is encroaching upon the world, Watson said that persons must examine their personal concepts against the standard of the Bible and find ways and means to serve in the name of Jesus.

Watson is in the Glades for two weeks conducting services at the old theater in Belle Glade nightly except Sunday.
